Eagle Online Courses: Advanced Uploading of Files Assignment Type

Your instructor may give you different types of assignments in Eagle Online.

Look at the example below. If you click on an assignment with these features, this tutorial will show you how to submit/retrieve your assignments files.

1. Read pages 43-68 in your text. **Review this paper.** Consider examples of modern events that are similar to those in the text. Write an 8-page report describing 4 similar events. Tell why each of your examples are similar to one or two examples in your text.

2. **Check the due date.**

3. When your assignment is ready, upload your assignment file.
   - First select **Browse** to find your file on your computer.
   - Next select the **Upload this file** button to put the file in the assignment.

4. View instructions to complete the assignment. Notice if there is a link to a web site or file. The font will be a different color and you can click on it.

**Available from:** Monday, March 7, 2011, 04:05 PM
**Due date:** Tuesday, March 22, 2011, 04:05 PM

**Submission draft**

No files submitted yet
Come back to this assignment to get your corrected paper, your grade and read any note the instructor wrote for you. You can also see your grade when you click on the Gradebook link in the Course Menu sidebar.
