Retrieving Your User ID for a Distance Ed Course
Revised: March 21, 2011

Follow these steps:

- Go to the HCC Student System Sign In Page.

- Click the Retrieve UserID link to find your User ID.

- Enter the requested information (either SSN or assigned P or D number) in first field and your date of birth in the second field to retrieve your User ID.

- Remember, your first-time default password for Eagle Online is "distance". This default password is independent of the password you use for HCC registration or other HCC services. If you have taken a course on Eagle Online, then your old password may still valid. In that case, "distance" will not work.

- After you login for the first time, you will be prompted to change your password to your preference.
